WHAT'S GOING ON HERE..?

We are workers at The Art School bar & venue on Scott Street. We are also students and alumni of the GSA.

This August, after years of loyal service, we were 'invited' to an unpaid meeting with your Student President and hatchet-men hired by the GSA, at which we were told our hours would be cut to zero with immediate effect.

We were told that GSASA Ltd., trading as The Art School, was about to collapse and that severe cuts to wages were the only solution to save the business, and that we wouldn't get any hours till Freshers Week. In the meantime, we were unable to pay rent or bills.

BUT WASN'T THERE A MEETING..?

Following a sustained campaign and positive negotiations with senior management in September, we were assured that front-of-house staff would be issued new contracts guaranteeing minimum hours per week as well as the paid breaks and staff benefits already assured in previous terms.

Not even a month later, senior management have already reneged on these commitments, revoking paid breaks and failing to honour the guarantee of minimum hour contracts, with some staff—especially those who speak out—receiving no hours at all.

While many of us have been left with no hours or wages, senior management have sought to bring in more staff and have paid them substantially more—despite claiming there isn't enough money to give us minimum hour contracts!

THE UNION, UNITED, WILL NEVER BE DEFEATED!

IT'S THE HEADLESS HORSEMAN OF THE GSA!

he's got no idea where he's going!

HOW THIS AFFECTS YOU...

The Art School Bar is YOUR student union. It has been the centrepiece of student life at the GSA for 111 years since 1908, and has been officially recognised by the school since 1941. There is a genuine threat that it may be taken over by some horrible corporate chain or forced to close altogether. We have not been able to see the outcomes of our business audit; instead we have only been treated to dirty tricks!

We want the Art School to be financially sustainable but this will never be achieved by cutting staff to the bone. It will be achieved by offering decent food and drink at affordable prices, and putting on amazing nights which remain true to our desire to keep this place a safe space for everyone in Glasgow (and beyond). This will require better, more reasonable management and—most importantly— the vocal support of our lovely customers.

TRICK OR TREAT, GSA!

WE NEED MORE THAN 18 HOURS A WEEK TO LIVE!

WHAT YOU CAN DO...

On October 31st The Art School will be hosting its annual Halloween party. We have decided to (g)host our own peaceful direct action outside The Art School. We want to use this event to send a clear message to the GSA and your Students' Association that The Art School staff – and its members– deserve better. We want you to take part!

YOU KNOW WHAT'S UP!
