

TV Licence Song

Chorus

OAPs we stand together,
Because the Government is wrong
We want to keep our TV Licence
Find out why, listen to our song

Our Old Age Pension is the lowest
Compared to others on this earth
Doesn't matter where you're living
Whether Partick or in Perth
All we know is we were promised
Free viewing time from seventy-five
Yet another broken promise
Another policy takes a dive

Chorus

You may remember in the nineties
Gordon Brown, he got it wrong
He only gave a rise to pensions
Worth seventy-five p so hence this song
He tried to combat the bad feelings
By giving us our free TV
We must make sure that this continues
And shout out loud to the BBC

Chorus
